Department of the Army

Michael K. Cadieux
Director, U.S. Army Combat Capabilities
Development Command
Ground Vehicle Systems Center
Detroit Arsenal, MI

Mr. Cadieux serves as the Director for the U.S. Army Combat Capabilities Development Command (DEVCOM) Ground Vehicle Systems Center (GVSC). He leads a workforce of over 1,800 engineers, scientists, researchers and support staff in delivering advanced technologies as required by the Army's strategic priorities and support to its Cross Functional Teams. Mr. Cadieux also provides life cycle engineering solutions to the Army's Program Executive Offices for Ground Combat Systems and Combat Support & Combat Service Support, the Tank-automotive and Armament Command, and the broader Department of Defense. In his capacity as the Director, Mr. Cadieux ensures the GVSC is Forging the Future by developing world-class engineering talent in the areas of survivability and protection, autonomy and robotics, propulsion and mobility, electronics and power management, fuels and lubricants, and ground system design and optimization. DEVCOM GVSC is the Army's primary organic engineering talent to develop the Next Generation Family of Combat Vehicles and thus deliver land dominance in the future fight.
